PROFESSIONAL EXPERIENCE

Backend Developer | 11/2024 – 02/2025 (4 months) | Remote Mecantronic

- I contributed to 'grupo-zag/plan-mi-casa' by developing the backend with FastAPI and MySQL (AWS RDS), and frontend with ReactJS, Redux and MaterialUI in an Agile team.
- I autonomously implemented features such as 'monthly-rates' and 'functional-units', improving the interface and functionality (ReactJS).
- I developed the deletion and recovery of Subscribers, optimizing data management in the system.
- I increased my productivity from 16 to 82 deliveries in 2 months by optimizing communication and development practices.

Full Stack Developer (Internship) | 10/2023 - 11/2023 (2 months) | Remote Thaskify

- I contributed to the development of a project management app with Kanban boards using Node.js and MongoDB (backend) and React (frontend) in an Agile team.
- I implemented drag-and-drop functionality, optimizing the user experience.

Machine Learning & Data Analyst Teacher | 06/2023 - 10/2023 (5 months) | Remote Unión Informática

- I taught Machine Learning with Python and Google Colab to adults, in remote classes.
- I taught Data Analysis with Python and Google Colab to adults, in remote classes.

Virtual Environment Tutor and Supervisor | 02/2022 - 06/2023 (1.4 years) | Remote INTI, #ArgentinaPrograma

- Tutor (02/2022 - 08/2022): I advised students in Full Stack development with Angular, Java and MySQL, completing the program and a final portfolio.
- Supervisor (07/2022 - 06/2023): I managed teachers and tutors, ensuring the quality of learning in #YoProgramo.

Freelance Frontend Developer | 12/2021 - 02/2022 (3 months) | Remote Toyoko LLC

- Improved the functionality and UX of a biotech website with JavaScript and Django.
- Set up a virtual environment in VSCode and WSL, overcoming technical challenges to optimize development.
